RISE: Women's Music Concert Sponsorships

Living Her Legacy, a 501c3, has been approved to create the first Historic, public outdoor art/education exhibition in Fort Collins and in Colorado to recognize women's accomplishments to inspire girls to dream BIG!

Recognizing Women. Inspiring Girls.

We are creating a generation of changemakers who will impact their communities and the girls who come behind them with our women's art exhibition and education programs for girls.

The art exhibition is located in Old Town, Fort Collins on the Northside of what was CooperSmith's Poolside brewery. We are the approved renovation project to the East entrance of Old Town. Stop by see it.

Thank you for considering to join us in this endeavor by considering to walk along side us as a sponsor and together will inspire girls in our Northern Colorado communities to dream BIG!
